I express my thanks to all the distinguished guests and dignitaries who graced at various occasions with their kind presence to motivate us to work with more vigor and commitment.

I am thankful to my esteemed colleagues in the teaching fraternity who left no stone unturned to ensure the success of each and every student in the areas/domains of the activities of their interest.

No success could be achieved without the helpful and willing support of very dear parents of the students studying in this school. I acknowledge with thanks for the cooperation rendered and valuable advices shared by them on different occasions.

I am no less thankful to my dear students, without whose active participation, this school could not scale new heights of excellence.

I shall be failing in my duty if I do not adequately thank the support staff and class IV staff who have been working day in and day out for completion of every job with perfection.

With sincere thanks and regards,
